**8 things to know: Bank to add 2 Baltimore-area branches**

Good morning readers, and happy Thursday.

Some news from our friends up at the Harford County Public Library will help us start the day. The system will host its fifth annual Women's Summit on March 3 from 9 a.m. to noon at the Abingdon Library.

This year, the library system has two speakers lined up: [Orioles President of Operations Catie Griggs](#), and Time for Women event series founder Erin Hodge-Williams. Both will share their leadership journeys, offer advice and stick around for Q&A sessions.

That's right, now is your chance to ask Griggs what her favorite snack is at Camden Yards — once all the more serious matters are out of the way, that is.
