

Hall's Cross Roads Elementary School; December 2024

Winter Gear

So many Great Neighbors responded to our request for winter gear! We are incredibly grateful to have community partners that are always willing to support our students in need.

The **Aberdeen Public Library** hosted a coat drive from November 1-December 14th to support students at Hall's Cross Roads! We are so appreciative that you chose to bless our school this year.

The **Knights of Columbus, Havre de Grace Council** donated coats to our school. These coats have been added to our clothing closet to support students on an as-needed basis.

On Tuesday, December 17th, we held our coat drive and were able to provide **75 students** with a winter coat! **Ms. Jennifer Thompson with the Coats 4 Kids organization** was able to provide a coat for each family that requested one. On this same day, **Macy's Logistics and Operations, Joppa** provided a hat, scarf, and pair of gloves for each student to go with their coat.

Several Great Neighbors dropped off winter gear for our students. If you don't know, Hall's Cross Roads has an open access bench in our main hallway that contains hats, gloves, scarves, socks, and rain ponchos. Students are able to access these items anytime they are in need. Your donations helped us stock the bench for the winter months. Thank you so much!
