CEO REPORT

Building Projects

Aberdeen – The outdoor Sails were ordered to provide partial shade in the new story garden. The sails will be installed in the spring. The County contracted with a concrete vendor to modify the sidewalks that had been a tripping hazard and the work was completed on March 7th. A ribbon cutting will be scheduled to celebrate the newly refreshed branch as soon as the space is completed and COVID metrics are in a good place.

Abingdon Pond Repair – The pond pump stopped working and the Library is working with the Harford County Department of Parks & Rec to schedule the repairs. The pump was picked up by the County’s vendor for repair. The repair requires more parts which are not scheduled to ship for 3-4 weeks and we have not received a delivery date yet.

Bel Air – The branch is the busiest branch in the system with approximately 27% of total activity (circulation, walk-ins, programming and attendance). It was last renovated/built in the mid- 1990s and is overdue for a refresh. The library is working with the county on a space assessment and exploring the possibility of incorporating some of the Administrative functions in the building. Library space planning prioritizes designing with flexibility and adaptability for future technology and needs. During this time of exploring options, the library will continue to maintain the appearance and functionality of the building to include small refresh projects in the meeting room, stairwells, and more. Meetings to begin the
conversation of adapting the branch to include administrative functions began in February and continue. Colimore Architects completed a Bel Air Library Programming and Scope Study in early April 2021 and it is being reviewed with the county. The Library submitted a State Library Capital Grant to offset some of the cost for fiscal year 2023 in the amount of a $4,086,000 state grant request and total project amount $8,513,000. Many thanks to the County Executive, Delegate Susan McComas, Senator Bob Cassilly, and Councilman Chad Shrodes for writing letters of support for the project. The County selected Murphy & Dittehafer Architects for the Schematic Design Phase which is in progress.

Darlington Library – The County settled on the new property located at 3535 Conowingo Road in April 2020 and the consultants Colimore/HBM are leading the renovation and overall improvements to this facility. Purchase price was $812,000 and the Library Foundation contributed $300,000. We are working with the County on the future of the existing modular and historic building. The site plan was finalized. This will be the first library with after-hours locker pickup. The schematic plans are complete and we are now working on interior electrical and furniture layout. Planning continues and interior demolition began July 13, 2021, and is now complete. A pre-bid meeting took place on August 31, 2021, with all bids due September 22nd. The due date was extended to September 29th. The project was approved by the Board of Estimates on October 12, 2021, with construction beginning on November 8th.

Construction is well underway. All demolition was completed, interior wall studs are up, HVAC ductwork was installed and insulated, plumbing rough-in completed, and electric rough-in is in progress. Selection of interior finishes is also in progress. The walls are insulated and the drywall is being installed. Construction is moving along as scheduled. Floor outlets were installed and the concrete poured, walls are painted, and the ceramic tile floor was installed.

Fallston – A new intrusion alarm panel has been ordered to replace the old malfunctioning panel. Delivery of the panel is anticipated the week of March 14th and installation will follow.

Jarrettsville – There are five LED parking lot pole lights that needed replacement bulbs. The replacement bulbs were installed and this project is complete.

Security Systems - The Library received quotes for a security system for the Fallston and Jarrettsville libraries. We are finalizing the details and preparing to place the order for both systems.

Fiscal Year 2023 Budget Update – The CEO met with the County Executive who is committed to ensuring that county and library employees keep up with the rate of inflation in terms of salary increases for fiscal year 2023. The Library revised its budget request to include a 7.5% salary increase for eligible employees and the entire budget packet was submitted last week to the County Executive and team. A follow up meeting was held on Monday, March 14th, with the County Executive to discuss priorities for the upcoming year.

Fines & Fees
The Maryland General Assembly voted to override the Governor’s veto of Building Lifelong Learners Act of 2020, on February 8th and will go into effect 30 days after the vote. The funding, to cover lost revenue, of an additional $0.40 per capita pre-funding-formula, will not be in place until FY23.

There are three main points to the bill:

1. Not charging Overdue Fines - The bill (as amended) states that “A Public Library may not charge a fine for overdue library materials on a minor’s library materials.” It further states, “A Public library may not attempt to collect any outstanding fees for overdue library materials that are incurred by a minor after June 30, 2021.”
2. With regard to lost materials – “A public library may not charge a fee for a minor’s overdue library materials until 21 days after the date on which the library materials were due.”

3. If materials are returned - And “If a minor’s overdue library materials are returned after a public library has charged a fee, the public library shall cancel the fee.”

Special collections are specifically excluded in the bill (American Girl Dolls, cake pans, fishing rods, etc.) Minor is defined as under the age of 18.

Harford County Public Library is currently not charging overdue fines on any materials and will revise procedures to support the new legislation.

**Grants**
The Library submitted three America Recovery Program Act (ARPA) grants through the Maryland State Library as Maryland’s State Library Administrative Agency (SLAA), Institute of Museum and Library Services (IMLS) competitive grants. Each submitted grant supports goals and priorities as outlined in the Library’s Strategic Plan including expanding outreach and serving special populations; creating a safe, welcoming and efficient environment for our customers through technology and supporting a knowledgeable and skilled workforce through training.

On July 12th, we received a Notice of Grant Award from the Maryland State Library in the amount of $27,500 for Staff Development and the Maryland Library Association Conference in fiscal year 2022. We are very grateful for this funding as it enables the library to provide additional professional development opportunities to the staff.

The Library also received a Notice of Grant Award from the Maryland State Library in the amount of $90,000 to support the initiative of expanding our outreach capacity. We have ordered three vans and one has been delivered.

**Governmental Relations** – The County Delegation has been contacted by a representative of the International Association of Machinists & Aerospace Workers and some library employees. HB 1225 Collective Bargaining for Harford County Public Library employees was “dropped” by Delegate Steve Johnson on February 11th. The Union Lawyer attended the January Library Board meeting and spoke during the public comment session. We understand that the Union held zoom meetings for interested library employees and also have mailed packets of information to their homes. The Library did not provide any employee information to the Union (including home addresses) and we understand that the Union has informed employees that this information was secured from other sources that they utilize. After the public comment section during the January Board meeting, the Trustees prepared a response letter that was sent to Delegate Steve Johnson and the entire County Delegation. This letter was shared with all library employees. A follow up letter was submitted to the House Appropriations Committee Chair, Committee Members, and Harford County Delegation following the committee hearing on March 8 restating the library position and noting the amendment that Delegate Johnson submitted to the House Appropriations Committee involving most public libraries in Maryland. This letter became part of the official committee hearing on HB1225.

Maryland Libraries are supporting several bills this session. Maryland Association of Public Library Administrators (MAPLA) sent a letter to the Governor requesting one-time funding of $.44 for the Regional Library Resource Center and $.40 for the public libraries per capita formula. During the 2020 session, the Governor vetoed legislation prohibiting Maryland Libraries from collecting fines from minors. This was overruled by the General Assembly but the funding was not added to the FY 2022 budget that helped libraries with this lost revenue. The libraries are also supporting an increase in per capita funding for the regionals and all public library systems along with additional funding for the State Library Resource Center and support for the State Library Capital Grant program.
Maryland Law on Digital Access and Licenses for ebooks – AAP Lawsuit regarding HB518/SB432 – Last Friday, Maryland Attorney General Frosh and his office filed to dismiss the Association of American Publishers’ (AAP) suit against Maryland pertaining to the Maryland Law passed last session on digital access and licenses for eBooks. The motion is 42 pages long and well documents the reason for dismissing the lawsuit and more. Unfortunately, Maryland did not prevail in the suit. On February 16, 2022, the U.S. District Court for the District of Maryland granted a preliminary injunction of Maryland’s library digital book law in the case of AAP v. Brian Frosh.

The current status of the case is that the AAP request for a preliminary injunction was granted by the Court. A decision has not yet been rendered on the AG Motion to Dismiss. The publishers will most likely seek a permanent injunction and will likely prevail. The deadline to make a decision to appeal the Court’s ruling on the preliminary injunction is very short. By March 2, the AG legal team would have to set out the main issues, strengths, and weaknesses for internal review. The Court ruling states that the Maryland law is preempted by federal copyright law. Based on the Court’s recent opinion, we do not anticipate a successful court outcome. An appeal to the 4th Circuit would have to show an abuse of the judge’s discretion. In addition, the Maryland State Library Agency (MSLA) would be responsible for discovery costs, attorney fees and transcripts if we appeal the ruling. Maryland Libraries are currently considering their options for future efforts in this direction.

Board Student and Trustee Search – We are currently searching for the Student Representative to serve on the Board for fiscal year 2023. Candidates are current juniors in High School who will be entering their senior year in September. Information has been distributed through social media, library website and sent to both public and private high schools in the county. In addition, we are in the process of beginning the search for a Trustee to replace Ms. Brown. The search has begun and applications are available on the library website.

National Employee Appreciation Day – First Friday in March
Thank you to Denise Sconion and Jamie Reilly from the Havre de Grace Library, who brought this annual special day to our attention. We took the opportunity to thank our staff for all they do, and for their dedication to Harford County Public Library with treats in all the branches along with social media and website thank you posts.

Programming and Events
Lots of Dots by Craig Frazier was the featured book title at Havre de Grace’s Art & Stories program. Participants also learned about African American Artist Alma Thomas and her radial abstract artwork. The 20 attendees made a variety of artwork using circles and dots including a paper mosaic inspired by Alma Thomas. One mom commented, “This program is great! Can’t wait to come next month.”

Norrisville’s Family & Friends story times really took off this month with a large increase in attendance. Themes explored by the attendees included: Winter, Valentine’s Day, Wild Animals, and Stars. Whiteford continued to have new families join their story times each week. Some new families have learned of them through neighbors and friends. Like the other branches, Joppa’s story time participation is growing. They had a total of 88 attendees in their four Family & Friends programs. Their popular themes included Black History Month and 2’s Day on 2/22/22! And finally, Fallston also saw an uptick in customers attending their programs. They have been nearly to capacity on several occasions and actually went to the wait list one day. To accommodate this surge in popularity, they will be adding a story time on Mondays beginning in April.

Due to the high positivity numbers in the beginning of February the Rolling Reader modified their services yet again. They offered virtual story times, Take & Makes and Book Bundles to their community partners. In spite of the cold temperatures, story times and afterschool visits were conducted outside. By mid- February the Covid numbers had declined so the Rolling Reader was able to go back into the classrooms. They presented five live-virtual story times with 109 children and parents in attendance, 15 in-person story times with 211 children and parents in attendance; partnered with the County Dental Health Dept. and presented 15 oral care STEM programs with 342 students in attendance. Even though their programming was impacted by COVID, weather and truck mechanical issues, the stalwart Rolling Reader staff, Rebeca Lloyd and Addison Smith, conducted a grand total of 35 programs with 662 people in attendance.

Teen Services
Beautiful paintings were created during Whiteford’s Teen Connect/Paint by Numbers program, and their Homeschool program made two Valentine’s Day cards for each resident of the Hart Heritage Assisted Living Estate.
To increase the number of participants in their teen programs, Aberdeen is rebranding their Teen Time program into a Video Game Club. Also, Aberdeen High School students and staff are participating in the Winter Reading program. Over 30 mugs were delivered and handed out to the completers.

Jarrettsville’s teens and adults joined in on Mardi Gras festivities by crafting unique carnival masks at the branch’s Mardi Gras Mask Craft program. One attendee arrived already excited with the announcement, “What perfect timing! We just got invited to a Mardi Gras ball!”
